

In-House Tournament Sponsorship

Saturday December 8th At The YMCA Chilton County

As a Martial Arts School in the Clanton area, we believe in community involvement that strengthens relationships between our school and local businesses. This valuable relationship is a benefit to all, as both sides provide support to each other. We are asking for your support for the 2018 In-House Martial Arts Tournament that will give many students their first experience in competition which will benefit their mental and physical growth. Our sponsorship banner will display your business name/logo that will be posted during our event. To continue our relationship after our event, we will display the banner for the rest of 2018 in our training area and at any of our public events such as festival booths, Christmas Parade, public Self-Defense workshops, etc.
