

Dear \_\_\_\_\_

I have taken the pledge not to bully others and to do my part to help end bullying in my community.

I would like the opportunity to do a 15-minute presentation on how to help end bullying in our school. I have a presentation I can present, and a helpful 10 Ways to End Bullying Card, I can pass out afterward, with your permission.

The basics of the presentation outlines bullying and how it affects everyone.

These are the 5 things I can go over with the class:

- Bullying statistics
- What is bullying
- How bullying affects people
- How to handle bullying

At the end of the presentation you can lead the class in the following:

- Review the school's bullying policies
- Create a discussion session around the information that I presented

Thank you for the opportunity to present this information to others and do my part to educate my friends and peers on the effects of bullying in our school and in our community.

Sincerely, \_\_\_\_\_
